

H.1.2.4 (Procedure) Pregnant and Parenting Students

Responsible Department: Vice Chancellor for Student Success

Adoption: 4-3-24

The College District is committed to student success and providing equal education opportunities for students. It is the policy of the College District to prohibit discrimination of students based on criteria protected by laws, including pregnant and parenting status.

The College District requires each of the Alamo Colleges, as public institutions of higher education, to provide protections for and reasonable accommodations to pregnant and parenting students in compliance with SB 412, codified as Section 51.982 in Subchapter Z, Chapter 51 in the Texas Education Code.

The Chancellor will direct that a procedure be adopted that provides the protections and reasonable accommodations specified in Section 51.982 for pregnant and parenting students and any other protections provided under the federal regulations to Title IX of the Education Amendments of 1972.
